Every night I said a prayer  
Before I go to sleep (mhm)  
Suddenly you were there  
Your face so fine, your voice so sweet  
In these arms of mine  
I found you just in time  
'Cause in this turn of the world  
I was a lost and lonely girl  
But then a miracle happened  
Heaven must have sent you, I know  
(Yes I know)  
I know (yes I know)

Funny how my empty heart  
Used to feel like a heavy load  
Suddenly you were there  
Like a friend on a lonesome road (yeah, yeah)  
Right into these arms of mine  
I found you, I found you just in time  
'Cause I was a lonely man  
Holding out my helpless hand  
Then a miracle happened  
Heaven must have sent you, I know  
(Yes I know) Mmm, mmm

Our time is here now  
Now matter how the world is around  
In your arms I find  
Some kind of love and peace of mind  
'Cause a miracle happened  
Heaven must have sent you, I know  
(Yes I know)  
Ohh, ohh  
Heaven must have sent you  
Mhm, Kim, mmm  
Ooh, ooh, hoo  
Ohh, I (mhm)
